		3G DS
		Direct Read
		IP68
		Acculinx

3/4" BLMJ - Enhanced		
Quantity USG	Quantity CF	Register Type
		3G DS
		Direct Read
		IP68
		Acculinx

By signing this form, I confirm that meter serial numbers have been verified and I acknowledge that I understand and have been advised that Original BLMJ Registers cannot be installed on new meters and Enhanced BLMJ Registers cannot be installed on old meters and vice versa. Failure to install the correct register type for the meter will result in over/under registration of more than 40% and will result in revenue discrepancies.
