Selecting the correct register resolution is very important to ensure consistent and correct readings with your AMR/AMI system. Please carefully complete this form to aid in the proper assembly and programming of your Interpreter product. Master Meter strongly suggests using the listed defaults per AWWA Standards.

**Note:** Once the order is entered, cancellation or changes may be subject to additional charges.

Part Number Configuration	
Product	Master Meter Part # (Configuration)
SSN_Interpreter	

Programming Specifications						
Meter / Register Type	Meter Body and Size	Rate of Flow	Consumption: Unit of Measure	Display Resolution	AMR/AMI Factor	Qty

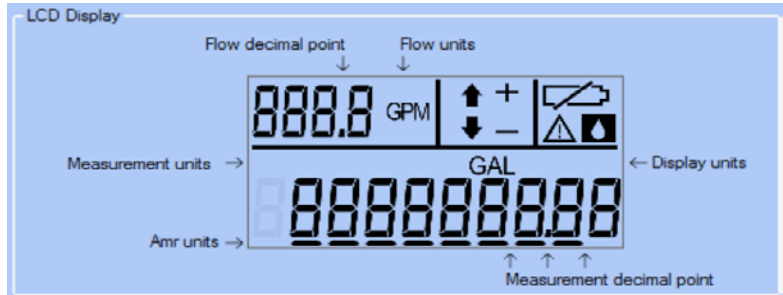

**Special Instructions:** The Qty. 230 is the Mueller 420 5/8" Meter
